## **Forces**

The Bakka Sector Fleet List uses the datasheets from the Bakka Sector Forces section.

## **Using The Fleet List**

The fleet list includes the following information:

**Class:** The type of the ship.

**Notes:** Notes on usage or optional upgrades.

**Cost:** The points value of the formation.

# **Special Rules**

Battlefleet Bakka uses the *Bakka Starship Defences* special rules. Bakka fleets may incorporate Adeptus Mechanicus vessels according to the *Adeptus Mechanicus Allies* rules.

# SPECIAL RULE Adeptus Mechanicus Allies

Cruisers from the Adeptus Mechanicus fleet list may be taken instead of and in the same manner as Imperial Navy battlecruisers, counting as battlecruisers against any fleet limits in all respects. They utilize all rules for Adeptus Mechanicus vessels except as follows: they do not count as reserves, they will not disengage when crippled and they may use fleet commander re-rolls.

The fleet may not be led by nor take an Archmagos when used this way.

# **BAKKA SECTOR FLEET LIST**

The Imperial Navy have an attack rating of 2.

### RESERVES

Ships from any Imperial fleet list may be used as reserves, with one reserve cruiser, battlecruiser or grand cruiser for every three Bakka cruisers in the fleet, one reserve battleship for every three Bakka battleships in the fleet, etc. One Rogue Trader cruiser and its attendant escorts may be taken for every 750 points in the fleet. Ships from the Bakka fleet list can be used as reserves by any other Imperial fleet list, along with their Bakka-specific refits. Reserve cruisers (not battlecruisers or grand cruisers) always count toward the twelve-cruiser fleet limit. One cannot take as reserves the reserves of another fleet list. As such, ships such as the Jovian that are part of the reserve fleet of Battlefleet Bakka cannot be used as reserves of another fleet list.

# **SPECIAL RULE Bakka Starship Defences**

Any capital ship of Battlefleet Bakka can add +1 turret to its profile for +5 points. This upgrade does not count against refits ships can take normally. Reserve vessels may not be given this upgrade, but any vessels from the Battlefleet Bakka fleet list used as reserves in other fleets may take it with them.

When used with Battlefleet Bakka, Adeptus Mechanicus capital ships may take the Fleet Defense Turrets refit for +5 pts instead of rolling for it randomly on the Mechanicus Gifts table. Two turrets on a ship are exchanged for fleet defense turrets capable of protecting itself or any one other vessel within 15cm each ordnance phase, adding +2 to the turret strength of the ship it is defending (this does not alter bomber attack rolls when used to defend another vessel).
